Profile

Results-driven and detail-oriented Java Developer with 2 years of hands-on experience in designing, developing, and maintaining scalable web applications using Java, Spring Boot, Servlets, and JDBC. Proficient in building RESTful APIs and integrating backend systems with dynamic frontends using JSP and HTML/CSS. Strong understanding of object-oriented programming and database management with MySQL and Oracle.

Education

08/2018 – 07/2022 **Btech / Computer Science**
Bhopal *SIRTE / RGPV*

Professional Experience

05/2023 – present **Software Engineer**
Bhopal *WorldSoft IT Solution Pvt Ltd.*

- Developed and maintained RESTful APIs using **Spring Boot**, enhancing backend performance and modularity.
- Created interactive and responsive UIs using **JSP, Servlets, HTML/CSS, Bootstrap**.
- Implemented **CRUD operations** via JDBC with optimized SQL queries for efficiency.
- Collaborated in code reviews, bug fixing, and deployment processes using **Git** and **GitHub**.
- Worked closely with cross-functional teams for testing, integration, and delivery.

Skills

Languages: Java (J2SE, J2EE), JavaScript

Frameworks: Spring Boot, AngularJS

Web Technologies: JSP, Servlets, HTML5, CSS3,
Bootstrap

Databases: MySQL, PostgreSQL, Oracle 10g,
MongoDB

Tools & Platforms: Apache Tomcat, GlassFish

Project

Mini Task Manager | Java, JSP, Servlets, SQL, JDBC

- Designed and implemented **backend logic** using Servlets and DAO layer with JDBC.
- Created and optimized **SQL database schema** for tasks module.
- Developed features like **add, update, delete, and view tasks** with proper validation.
- Integrated **session handling** for secure navigation and workflow management.
- Designed JSP pages with **HTML/CSS** to enhance user interface and

usability.

Job Portal System | (Ongoing – Admin Module Completed, Jobseeker & Company Modules in Progress)| Java, JSP, Servlets, SQL, JDBC

- Worked on **backend development** including login, registration, and job application flow.
- Created **database tables and relationships** for users, companies, jobs, and applications.
- Implemented **role-based authentication & session management** (Jobseeker, Company, Admin).
- Built **Admin dashboard features**: view, edit, delete users, companies, and jobs.
- Contributed to **JSP frontend design** for forms, dashboards, and navigation flow.

Certificates

Java Full Stack Developer Training

(KodNest Technologies Pvt. Ltd., Bangalore)

- Covered Core Java, JSP, Servlets, JDBC, Spring Boot, and real-time project development.

Interests

- Travelling | Gym | Cricket
